

The Village

A gift of shelter from the people of Minnesota to the people of Sri Lanka

Picturesque Monrovia Estate ...

The houses in the picturesque Monrovia Estate village are built on hilly land with orange clay soil and lush green surroundings of palm trees and rice-paddy fields.....The simple houses are solidly built, with few amenities. They have clay-tile roofs, cement-slab floors and cement walls painted with a white-lime finish. Brian Bonner, Pioneer Press

Books for the Library and sewing machines for.....

Dr G.Samarasinghe and his wife Kathy from Virginia visited the MnSLFF worksite in Monrovia estate on January 2006 and pledged to purchase all the books for the library up to \$6000. Also, they are buying brand news sewing machines for women and the community center for training and bicycles (if needed) for the fishermen in the MnSLFF housing project.

Thank you for your support

Without your trust and support of our vision none of this would have been possible The tsunami survivors and all Sri Lankans are very appreciative of your kindness and generosity in coming to their time of need.

More work to be done

Houses were officially handed over to the tsunami survivors on Jan. 16, 2006. Along with the houses MnSLFF made the decision to provide a compost bin, water storage tank, gas cooker and a gas cylinder for each family.

Our project coordinator Jayani Adikarama is negotiating the prices for the above items
