We are proud to announce the long awaited concert by Pundit W. D. Amaradeva and orchestra. To many he is more than a musical maestro Amaradeva is cultural icon who defines Sri Lankan music even as he connects with other musical cultures. Steeped in the classical Ragadhari tradition of India yet able to draw inspiration from earthy folksong, elegant classical poetry and religious chants of Sri Lanka Amaradeva's songs have a timeless beauty that transcends culture while being deeply rooted in it. Please join us at this concert—Amaradeva's first in Minnesota—and share this news with your friends.
